EMPOWER
RETAILER SOLUTIONS

We are delighted to have partnered with ***Emida and YouLend***, the leading alternative financing provider, to offer your business flexible business funding based on all your non-cash revenues.

What is revenue-based financing?

As gaining access to working capital becomes more difficult in this fluctuating economy, revenue-based financing provides funding solutions to businesses with **no restrictions on how they use the financing** and flexibility to **repay as they earn.**

Flexible finance

- Funding from $500 to $1,000,000
- No fixed repayments
- Repayments are taken as a fixed percentage of your daily sales

Fast finance

- A decision/offer within hours of applying
- Once approved, funding could be in your account within 24 hours
- 85% of businesses renew

Price certainty

- You pay a fixed fee, repaid from your revenues as a function of your funding repayments
- The funding isn't subject to interest and there are no hidden/additional charges or upfront costs

Example: A wireless dealer in Texas is lacking cashflow to purchase stock for the upcoming festive season.

Solution: **Funding of $50k**, used to replenish their inventory
10% of their daily sales automatically deducted to repay the funding
The dealer returned for further financing to refurbish their store and secured a further $35,000

Visit **youlend.us/apply/emida/signup** and receive offers same day.
